

A15S

Code 1161350018

The Avante A15S, part of the Achromic Series from Avante Audio, is an active Subwoofer that offers powerful output, detailed audio clarity, built-in DSP and sleek exterior design. Created for musicians, bands, houses of worship, audio production companies and rental houses, the Achromic Series speakers are equally suited to permanent installation as they are to one-off and touring productions.
