

IMPERIO

Code 1163900018

240W RMS Class D Power Amplifier with dual 4.75" woofers and 6x 1.75" IDVAT (inverted Dome Vertical Array Technology) HF Drivers.

Part of the Imperio Mini Line Array Series with Black housing.

Speaker

- 2-way active closed Design loudspeaker
- Driver Information:
 - 2x 4.75" Neodymium Woofer with 1-inch voice coil
 - 6x 1.75" IDVAT HF drivers (Inverted Dome Vertical Array Technology)
- Max Output SPL: 117dB (single box measured on Axis @1m)

Coverage

- Nominal Coverage: 90° x 15°
- Frequency Range (-10db): 150Hz – 20KHz

Construction

- Cabinet: Black ABS Plastic
- Grill: 1.0mm steel
- Splay Angles: 0, 4, 8 & 12-degrees
- Integrated Rigging: Yes
- LinkPins for connecting 2 Imperio or pole mounting included.
- 0,6m Locking Power and XLR Link cables included
- Volume: Selectable Input Sensitivity Dial

Amplification

- Amplification Power: 600W Peak
- 2x 120W RMS Class D Amplifier Module
- Switching Power Design
- LED Power / Signal / Clip Indicator
- 24-bit DSP Selectable Configurations
- Selectable Input Sensitivity: -3dB, 0dB, 3dB, 6dB

Connections

- Signal Input/Output : Locking 3pin XLR
- Power Input/Output: Locking Power

Electrical

- Power Input: 100-240V ~ 50/60Hz

Dimensions & Weight

- Dimensions: (W x D x H) 184.8x224x324mm
- Weight: 6,3 kg
