

MIRAGE PAR H IP

Mirage Par H IP is an IP65-Rated, battery-powered, wireless DMX versatile LED Par designed for modern professionals looking for dynamic lighting solutions for event productions, installations and staging applications.

The Mirage Par H IP LED fixture is a versatile, high-performance lighting solution, perfect for events, installations, and stage productions. Equipped with five 20W Hex Color RGBAL+UV LEDs, it delivers a dynamic range of color, including lime and UV for unique lighting effects. With an adjustable white color temperature from 2,700K to 9,900K, the Mirage Par H IP allows access to massive gamut of colors.

This light can be powered via wall outlet or its rechargeable lithium-ion battery, providing user selected 5 to 20 hours of operation. Control options are expansive, including DMX512, Aria X2 wireless, Bluetooth, RDM and an IR remote. With a robust IP65-rated housing, it is weather-resistant, making it ideal for outdoor or indoor use.

Advanced features include variable refresh rates (900Hz to 25K), six dimming modes, four dimming curves, built-in programs, and electronic strobing and full dimming, giving users complete control over intensity and effects.

The Mirage Par H IP is both compact and rugged, ensuring easy setup, striking and transport. This versatile LED Par is designed for lighting professionals who need reliability, color versatility, adaptable power options and all-weather protection in one durable package.
